# Our story

Timea Nagy is a Best-Selling Author and Canadian Survivor of Sex Trafficking. Her story has reached millions of people around the world. Michelle Furgielle is also a Canadian Survivor of Sex Trafficking as well as an International speaker and educator.

They met in 2011 and quickly formed a strong bond while presenting together, sharing their story at conferences on Human Trafficking across Canada. Their shared passion for organic products designed to reduce anxiety inspired the creation of Timea's Market. The Co-founders also aimed to support other survivors navigating the court system, those embarking on their healing journeys, and frontline workers in high-stress environments.

# CSR ACTIVITY

You Are Not Alone is an unforgettable group exercise that connects participants with themselves and with survivors of complex trauma, fostering a profound sense of understanding, full-circle moments, and hope.

Our facilitator invites the audience to lovingly assemble a wellness box filled with organic and natural items designed to help survivors of trauma unwind and enjoy a peaceful night's sleep.

The most touching moment occurs when the facilitator invites the audience to pen a handwritten, inspiring, and supportive anonymous note to a survivor, who will find solace in this box during the darkest night of their lives.

# What happens to the packages then?

After the exercise, the audience either takes the packages with them and gives them to a client they work with next time, or donates them back to TMarket market. The Market will then donate to organizations within their networks in Canada.
